Self-management: to develop his anticipation and organization skills through a scholar project, with tools provided to ease the action. |
| Commentaire : Comment: | Yaël fitted very smoothly into the school life but also to his host family's activities. |

2. Rapport général de la mobilité de l'élève dans l'établissement d'accueil General assessment report of the student in the hosting school + Signature of the headmaster & tutor(s) on-site

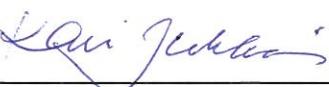

Yaël has a very active and positive personality and that's why he adapted to the exchange program easily and was able to make friends with the Finnish students. He took part in many activities and was a keen and quick learner.

Yaël took part in several lessons like Math, English, P.E. (and a weekend on a sports camp and learned Hungarian folk dance), Robotics, Finnish. He also visited a Middle School with our French teacher and told the pupils about French and France.

Yaël communicated in English practically all the time. His English communication skills are excellent and they even improved during his visit in Finland.

With his Finnish host family, Yaël also made trips to different parts of Finland, getting to know nature as well as major cities and Riihimäki sites like Glass Museum.

Riihimäki, February 5, 2024

Kari Jukarainen, Headmaster
